About CARD91

CARD91 is a leading Issuance Platform-as-a-Service provider, revolutionizing payment infrastructure for banks, corporations, and fintech companies. Our platform enables the issuance of diverse payment instruments, including debit, credit, prepaid, and UPI-based solutions. With cutting-edge technology, we empower businesses with secure, scalable, and simplified payment issuance, in collaboration with major networks like RuPay, Visa, and Mastercard.

About the Role

We are looking for enthusiastic and sharp-minded Software Development Interns who are passionate about problem solving and eager to apply their knowledge in real-world projects. This internship offers a unique opportunity to learn and contribute to live systems while working closely with experienced professionals in the fintech domain.

Key Responsibilities

- Work on problem-solving assignments involving Java, Data Structures, and RDBMS.
 - Collaborate with the engineering team to build and enhance core modules.
 - Gain hands-on exposure to designing scalable systems.
 - Support in coding, debugging, and testing activities.
 - Learn and apply new technologies as required for project execution.
-

Preferred Skills

- Strong knowledge of Core Java, Data Structures, and RDBMS.
 - Good problem-solving skills and logical thinking.
 - Familiarity with NoSQL databases (MongoDB, Cassandra, etc.) is an added advantage.
-

CIN: U72900KA2020PTC131963

- Exposure to Spring Framework is a plus.
 - Interest or basic understanding of AI concepts is desirable.
 - Ability to learn quickly and work in a collaborative team environment.
-

Eligibility

- Fresh graduates or students in final year of B.Tech / M.Tech (2024 & 2025 Pass out students are eligible).
 - Strong academic foundation in programming and problem-solving.
 - Eagerness to build a career in software development and fintech.
-

✦ This internship will give you exposure to real-time fintech product development, with mentorship from industry experts and the possibility of a full-time opportunity based on performance.
